NAUTILUS

PUBLISHED BY THE NAUTILUS STAFF...SANTA MONICA

HIGH SCHOOL, SANTA MONICA, CALIFORNIA

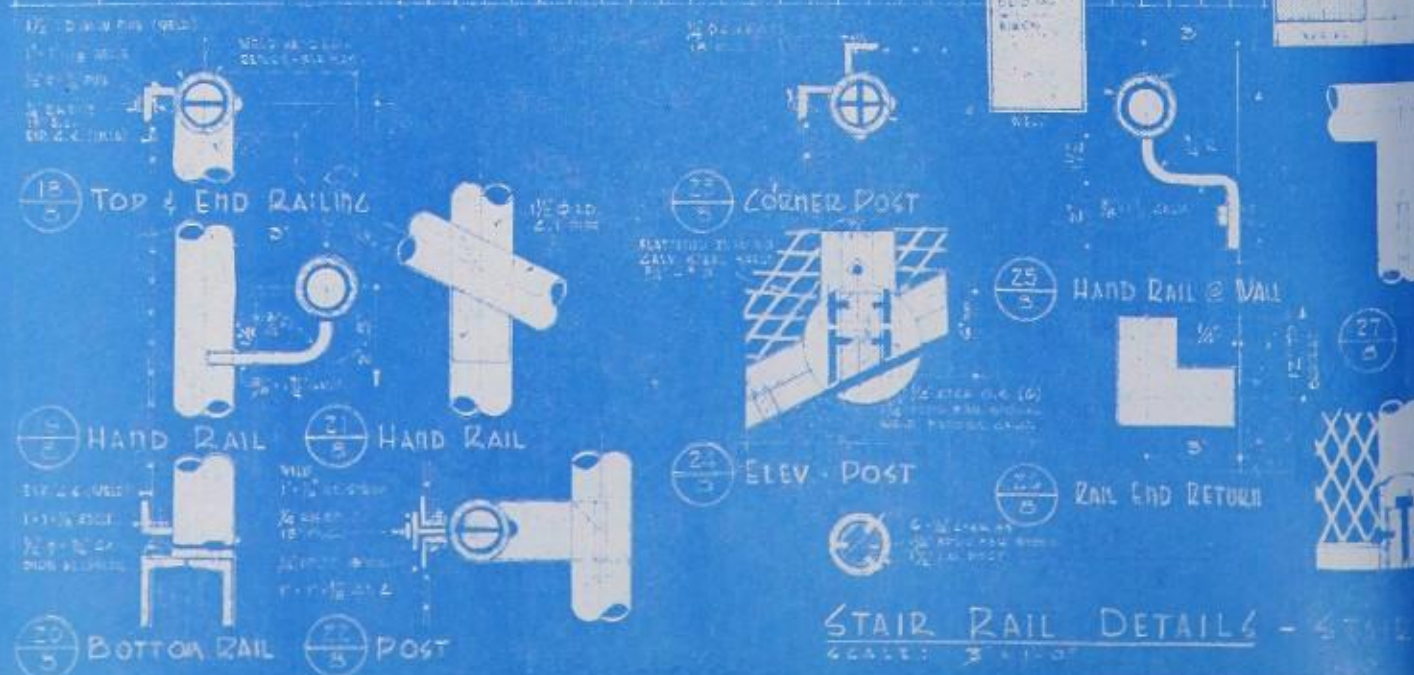

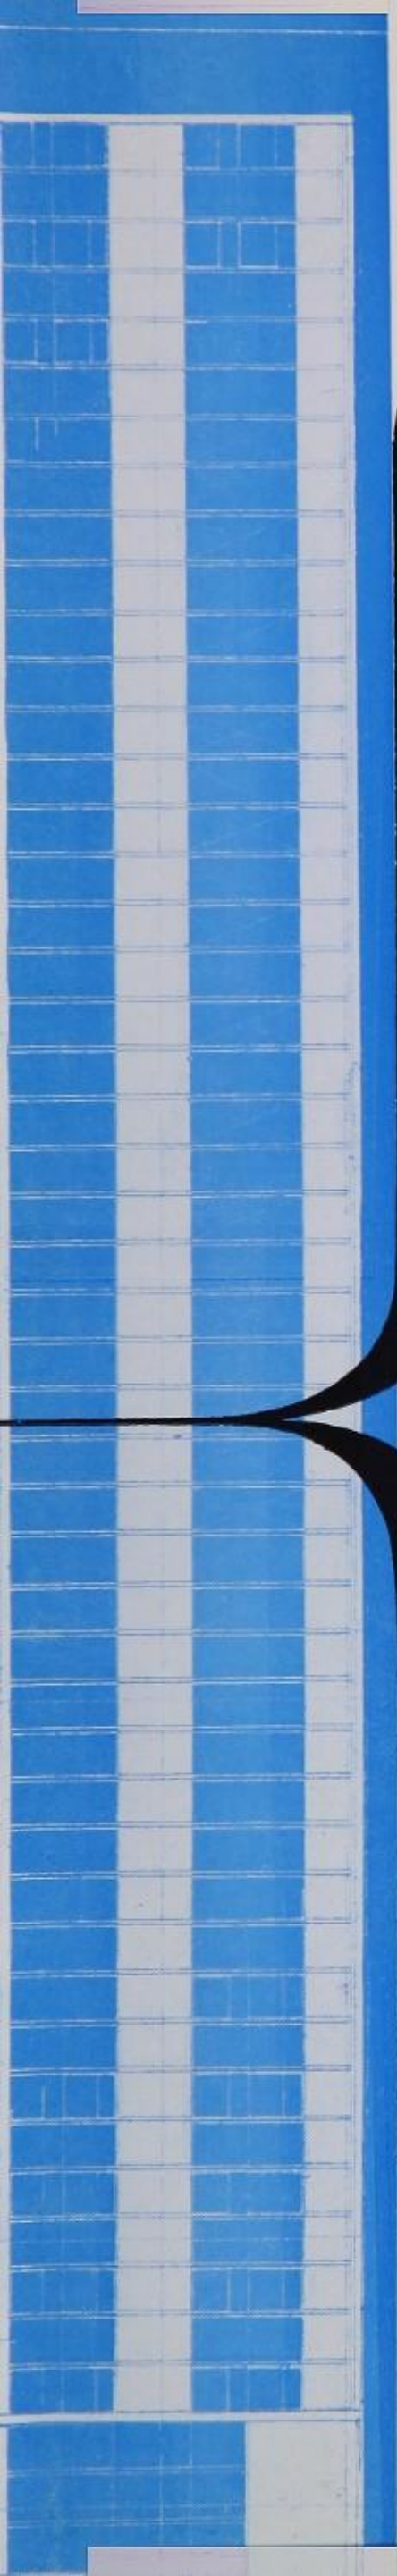

The image shows a detailed architectural floor plan of a building. The plan is divided into a grid of rooms, each labeled with a number and a name. A central staircase is located in the middle of the plan. The rooms are arranged in a symmetrical pattern around the central staircase. The plan includes a table of contents overlay in the center, which lists the rooms and their corresponding page numbers. The table is titled "Table of Contents" and has two columns: "Room No." and "Page No.". The rooms are listed in numerical order from 101 to 304. The page numbers are listed in the right column. The plan also includes a legend at the bottom right, which identifies the architects as "FREDERIC BARIENBROCK" and "ANDREW F. MURRAY ARCHITECTS".

THOSE WHO GUIDE

THOSE WHO GUIDE

SUPERINTENDENT OF SCHOOLS

Working directly under the Board of Education is the Superintendent of Schools, who is the chief school administrator. Dr. Morgan, as our Superintendent of Schools, has realized the need of more buildings in the future and has started an active building program to overcome these future obstacles.

Without the Superintendent, our schools couldn't operate with the unity they have. Our schools have gained prestige throughout the Nation. As part of one of the finest school districts, we of Samohi should be very grateful that the Board of Education has taken such a genuine interest in our school.

COUNSELORS

When students enter Samohi they are assigned a counselor who is of great assistance to them during their entire stay at Samohi. The advantage of having the same counselor is that he can become acquainted with the student's abilities, interests, and ambitions. This acquaintanceship will help the counselor and student to plan the future education or vocation and pick the one most fitting for the student. This is one part of the job that counselors of Samohi perform. These counselors also act as teachers and can see the student's problems from both sides. The students of Samohi appreciate the fine counseling they are given and know that it is the best possible.

COORDINATOR OF GUIDANCE

Mr. Tichenor is our fine Coordinator of Guidance here at Samohi. One of his jobs is organizing the annual Vocation's Day. On this day business men and women from all over Southern California come to our campus to tell the students about their vocations. It is Mr. Tichenor's job to procure the services of these people, and organize the discussion groups. He also organizes the annual College Day that is held in the fall for all Seniors. This is a part of the job of our Coordinator of Guidance, Mr. Tichenor.

DEAN OF GIRLS

Mrs. von Sternad is ending her first semester as Dean of Girls. Her past teaching experience has acquainted her with the many students of Samohi. This past experience, besides her fine attitude and understanding of high school students, made Mrs. von Sternad the perfect person for the job of Dean of Girls. Mrs. von Sternad has proved in this one semester that it is easier to do things the right way rather than the wrong way.

PRINCIPAL

Dr. Konold, principal, carries out the general policies of the school and sees that all State and Federal regulations are obeyed. He suggests to the Board of Education things that can be done to improve the school. An example of his work is the fine new athletic field we have and the science building that is now under construction. Dr. Konold represents the school at all types of functions and helps build Samohi's excellent reputation among the people of the community.

VICE-PRINCIPAL

As Vice-Principal Mr. Day supervises the organization and administration of all extra-curricular activities here at Samohi. Serving the school as A.S.B. Cabinet and Vikes Inn advisor, he offers a tremendous amount of help in solving difficult problems that arise. Inter-school relations of numerous activities demand much of Mr. Day's time. However, special credit goes to Mr. Day for his fine organizational ability in the ever-increasing popularity of Boys' Career Day.

DIRECTOR OF GUIDANCE AND INSTRUCTION

As our Director of Guidance and Instruction, Mrs. Wilbar puts in a great deal of time seeing that the students' needs are fulfilled. Mrs. Wilbar's job entails seeing that the curriculum offered meets the needs of the students, and that more courses are offered if the demand is great enough. Besides this, Mrs. Wilbar has her own group of students that she counsels. She also represents the school at many varied functions where she explains how our school operates and what courses of instruction are offered. This one job controls part of the future of every person attending Samohi.

DEAN OF BOYS

Mr. Colin C. Petrie's ability in understanding the high school boys' problems and his fairness at all times has gained him the respect of many a boy here at Samohi. Mr. Petrie is the Boys' League advisor, among other things, and as advisor he offers the Board assistance on any of the difficult problems that may arise. He is partly responsible for the fine Boys' League groups we have had in the past semesters. Mr. Petrie will let nothing interfere with him when he is trying to solve some students' problems and will solve the problems if it is possible.

Winter Seniors of '55

SMALL IN SIZE BUT NOT IN GREATNESS

Entering Samohi in the Spring of 1952, the winter class of '55 immediately looked into the future and elected their officers, wanting to make their class big in name and remembrance although it was small in size. Their officers were: President, Tommy Marsiglia; Vice-President, Janie Zwicker; Secretary, Caroline Miller; Treasurer, Sheila Boehm. Mr. Cornett and Mr. Meeks began their important job as sponsors of the class.

As Sophomore A's they were under the leadership of President, Bill Howard; and Vice-President, Caroline Miller. At the close of the semester the class had raised over 250 dollars in their treasury.

In their Junior B semester the class was led by President, Lee Grosscup, Vice-President, Sheila Boehm; and Secretary, Wendy Machamer. At this time the class began to show its true leadership ability.

Putting on the Prom was the main job of Jane De Armand, President; Lee Judson, Veep; Raquel Sisson, Secretary; Sandy Henly, Treasurer. The class sold programs at the football games to raise money for the "Crystal Fantasy." The Prom was a big success and everyone enjoyed himself very much.

In their first semester as Seniors the class elected Lee Grosscup, President; Darryl Dillingham, Veep; Marilyn Wood, Secretary; Raquel Sisson, Treasurer. For their final and most important semester here at Samohi the class chose Ann Glick, President; Jean Bates, Veep; Carol Stroppell, Secretary, and Pat O'Brian, Treasurer. The most notable achievement this semester was the tremendous Senior Play "Ice Bound" starring Dick Lawrence and Janie Zwicker.

We expect many things in the future from Bill Howard, A.S.B. President; Janie Zwicker, A.S.B. Secretary; Raquel Sisson, Speaker of the House; and Curly Miller, Commissioner of Entertainment.

Farewell June Seniors

With three years of invaluable high school training completed, more than four hundred June Seniors of '55 step boldly out into the world to pursue their varied vocations. Scholarship, athletics, and intellectual activities have been excelled in by this group as they presented a rounded program of activity.

As sophomores they were acquainted with the traditions of Samohi. Dinny McIsaac was selected as president, while Mike McGuire became vice-president. Pat Knowles was chosen secretary and Molly McIntyre had the responsibility of taking care of the treasury.

The 11B ushered in Don Brumbaugh, president; Molly McIntyre, vice-president; Jan Neilson, secretary; and Janice George, treasurer and the problem of raising funds for the senior prom. They decided to sponsor a faculty luncheon and various other money making projects. As Junior A's they selected Art Herman, president; Dan McCollum, vice-president; Audrey Record, secretary; and Ronald Lovell, treasurer. The previous officers had succeeded in raising enough money to stage the senior prom, so it was up to the new officers to make it successful, which it was.

Something new and something old sparked the last months in Samohi for the June class of '55. The traditional senior activities planned and prepared for the graduates' pleasure were the prom, presented by the junior class, the senior banquet and party, the hit production of "Ghost Train," and the class gift to Samohi. Mason Jones, president; Ken Rice, vice-president; Charles Corey, treasurer; and Ruth Padberg, secretary served their class well as officers.

June 17, 1955, marked the departure of . . . seniors. Commencement exercises brought three years of high school fun, books, and friends to a sudden close. Farewell seniors, Samohi will miss you.

Prediction for the Future of W'56 Class

The past is known. The present we can see; but the future is mystifying. Seeing into the future has been an occupation practised by religious men and scientists since the beginning of written history. The scientist unlike the others takes all the facts; studies the trend; compares it to trends of the past; and then draws a conclusion. We predict success for the W'56 Class.

The facts and trends are: first, Mrs. Nan Ohman and Mr. Brooks are co-sponsors; second, the ability of the Senior B's to elect capable officers, such as presidents, Don Kelly 10B, Dan Greeson 10A, Howard Sisson 11B, Lauren Reager 11A, and Terry Tondro 12B; third, the jobs that they have completed with the administration and sponsors stamp of approval. Some activities were the punch and cookie sale at the 1954 Crusty Frolics, a successful faculty luncheon, and the operation of an ice cream booth at the last Fiesta. As Junior A's their biggest occupation was the Prom, the second was earning the money to stage it. Lauren Reager won the 11A presidency and a bag full of headaches, topped by a seemingly incurable one called "The Prom." Lightening his load considerably was Charles Leonard, a very able vice-president. Colleen Brown took the minutes and Terry Tondro collected and counted the cash. To accomplish the Herculean feat of paying for a prom they sponsored a faculty luncheon, sold football programs and had an after-game-dance. Their theme and band suggestions were finally cut down to "South Seas" and Freddie Gray's Orchestra. The highly successful prom was staged at the Deauville Club.

This semester should prove a little less hectic, even though the eternal struggle for funds must be continued; the senior sweater and emblem to choose; and money to raise for the Senior Play and graduation night.

Elected to decide on and supervise these important events were: Terry Tondro, president; Larita Brown, vice-president; Carol Clayton, secretary; and Shirley Walker, treasurer.

"The meeting will come to order, please."

Junior A's Step to Success

When the Junior A Class first entered Samohi in September of 1953 they were anxious to get off to a successful start. But this ambitious class found that to do a good job, you first must learn how to do the little things, such as; taking out activity sheets and filing requisitions. The class began its first step up the ladder of success by putting on a cake sale. Then came bigger and better things.

The hard working officers of the Junior B semester saw to it that the treasury was tripled. The class applauded its officers at the end of this semester, for now they were ready to take the second big step, the Junior-Senior Prom.

With Judy Frantz pounding the gavel, and Gary Gholson to check out activity sheets, they reassured

Barbara Anthony by plunking more money into the treasury. Their every move was recorded by Judy Glick.

When the Seniors at last made their way to the Riviera Country Club to dance to the music of Al Harding, they heartily agreed that the Junior A's had done a tremendous job on the Prom.

With more than six hundred students in the Class of June '56 many of them have already been able to contribute to Samohi athletically and scholastically.

Now they are looking forward to a wonderful Senior year. Class rings and Senior sweaters will be chosen and new officers will continue to lead the Juniors up the rungs, to the very top. Good luck to you, Junior A's!

Chuck Palmore, President; Susan Pickett, Secretary; Jean Lee, Treasurer; Mr. Sturgeon (Sponsor); Ray Kondo, Vice President.

Gary Gholson, Vice President; Barbara Anthony, Treasurer; Judy Glick, Secretary; Judy Frantz, President.

Junior B's Begin Second Year

The Sophomore A class electing Dick Beazell president, Sue Orvis Vice-President, Joyce Kates Secretary, and Leda Lewis to serve as Treasurer, was off to make their second semester at Samohi another success. Along with his cabinet, Dick and the class planned and carried out such activities as cake sales, after game dances, and faculty luncheons.

This class was the one to gain fame for selling lollipops at the pep rallies and games. These lollipops were accompanied with signs reading "Lick Redondo" etc. The lollipops not only contributed to spirit but were also very good.

The class was very proud to have their president Dick Beazell representing them on the A.S.B. Cabinet, and he did a magnificent job.

Already the class could see the prom looming, and at the end of the semester the soon-to-be-juniors had over a hundred dollars in the treasury—great for a sophomore class!

Being only 137 strong, this class has already

shown a spirit of unity and outstanding co-operation.

The junior year began, and with it came a renewed interest in class activities for the Junior B class.

Wielding the gavel at class meetings and representing his class on the A.S.B. Cabinet, Junior B class President Dick Tapia took over the job of raising money for next semester's prom. Assisting Dick with activities were Bill Briggs, Vice-President; Lynn Johnson, Secretary; and Joan Glasser as class Treasurer. Joan's job was off to a big start as a faculty luncheon and a cake sale started the class off to another successful semester. A taco sale and a car wash also headed the Junior B calendar of events. Committees for these events were headed by Joan Glasser, Dick Beazell, Dan Reader and Sandy Johns.

President Dick said that this semester was to be devoted to money raising for the prom, but he hoped to have a class party at the end of the semester. If the party is held it will certainly be for a most industrious and deserving class.

Bill Briggs presides over one of the Junior B's noon meetings.

Sophomore A's Pass First Hurdle

The sophomore year is probably the most difficult, least fruitful and most discouraging. But don't despair sophomores; the wealthy seniors were not so long ago the poorest.

Tom Ryan was selected in the 10-B semester to start the class on its way. Holding down the usually anonymous job of vice-president was Tom Kneeshaw. Julia Martinez took the minutes and Sally Richardson guarded the class piggy bank. Behind these four officers were many board and committee members.

Helmsman in the 10-A semester was Richard Drake. His competent relief man was Bob Gough. Amy Haley kept the records while Dave Fink hoarded the gold. Counseling and assisting the class and its leaders were Mr. John Ives and Mr. Knute Clark.

To the Sophomores we can only say, "Well Done" and wish them continued success throughout their years at Samohi.

Students Replace 'Professional Partners'

Girls' Career Day was a tremendous success with an extensive program being offered and many girls taking part in the program. The girls took over their positions at the start of the day. They sponsored an assembly featuring foreign exchange students. After the assembly the girls were treated to a luncheon in the school cafeteria. The rest of the day the girls spent at their respective positions.

Boys' Career Day was a great learning experi-

ence this year and fun was had by all. There were over 200 Senior boys and 200 business men taking part in the program. In some cases this helped a boy make a choice in the selection of his vocation. The day was interrupted at noon by a fine luncheon at the Miramar Hotel. Highlight of the program was the speech by Mr. Dan Blake, concerning the frogmen's activities during World War II. After the luncheon each boy spent the afternoon with his "professional partner."

Sophomore B's Inspire the Student Body

As the youngest members of the Viking Student Body, the Sophomore B's will have the greatest opportunity for building the future here at Samohi. Under the student leadership of Linda Brammer, President; Wayne Gomez, Vice-President; Karen Burns, Secretary; and Sally Tompkins, Treasurer, they have begun the ascent toward their greatest goal—the Senior A prom.

Though they are a small class of only 196 members, they have many outstanding students on the campus. Emmett Mills made the B Basketball Team, a feat which is not likely for the first semester at Samohi.

Realizing the urgency for building their treasury in four semesters, they started immediately by

sponsoring a noon dance on March 23. Fired by determination, they made it successful beyond all expectations.

Our seal was kept bright and shiny by different members of this Sophomore B class each week.

Participation in school activities has been given a good start by various students in the class. Janice Elliott and Elizabeth De Groof displayed their talent by doing the hula at the Boys' League Talent Show, while Marilyn Krietzman modeled at the Fashion Show sponsored by the 10 A class.

By their great determination to make something of their small class, these Sophomores will not only succeed in their future years at Samohi, but will have success as future citizens of our country.

THOSE WHO SERVE

A.S.B. Cabinet Builds

The Winter '55 A.S.B. Cabinet, under the leadership of Bill Howard, president, has done its part well in maintaining Samohi's greatness for the present and future students.

Five Student Body officers — President, Vice-president, Secretary, Speaker of the House, and Yell King — are elected by the Student Body at large. These, along with class presidents and Boys' and Girls' League presidents, comprise the thirteen elected cabinet members.

Six Commissioners are appointed to the Cabinet, representing various facets of student activities at Samohi. They act as "contacts" between their organizations and the A.S.B. These are: Commissioner of Girls' Athletics, chosen in the Fall from Sergeantes and in the Spring from G.A.A.; Commissioner of Boys' Athletics, who informs the A.S.B. of team progress and plans; Commissioner of Forensics (Speech Arts); Commissioner of Entertainment, who with Vice-principal Joe E. Day, plan student assemblies; Commissioner of Publications, acting as the voice between Cabinet and school newspaper;

and Commissioner of Finance, who acts as cabinet Treasurer.

Every Cabinet member has his specific duties to perform. He must be responsible in his job, for he works for every student at Samohi.

To become a member of the A.S.B. Cabinet a student must be a senior (with the exception of class presidents) with a merit standing of 80 and a "C" grade average.

The main projects of the Cabinet this semester were: organizing football games and planning assemblies and pep rallies, in addition to carrying out the usual service program.

This year's Christmas Dance, a benefit toward funeral expenses of Summer '54 graduate, Eddy Liss, was a successful example of the A.S.B. in action.

A banquet at the Bit O' Sweden Restaurant marked the end of a "job well done" as top Cabinet officers turned over positions to newly elected school leaders.

Leadership For The Future

With a Scotsman (Dinny McIsaac) in the pilot's seat and Art Herman as co-pilot, the A.S.B. Cabinet emerged victorious from all the challenges they confronted in the Summer of '55.

Not to be underrated, a lot of success was due to the effort of Pat Knowles, Secretary; Molly McIntyre, Speaker of the House; and Barry Verdi, Yell King. Mr. Joe E. Day, Vice-Principal, sponsors the group and advises them in student government.

The Cabinet meets Monday of every week during third period. A special studyhall is maintained for Cabinet and Boys' and Girls' League Board members third period, so that they may attend to the tasks their offices require of them.

This semester's A.S.B. Cabinet, composed of thirteen elected and six appointed members, has been concerned with many activities. Among them

were: planning basketball and track events; organizing Boys' and Girls' Career Days; and representing Samohi at various student forums.

Commissioner of Publications, Ron Lovell, attended the annual Pacific Slope Press Convention in Seattle, Washington, as the Samohi delegate. The objective was to exchange journalistic ideas among high schools and universities.

One highlight of the semester was the representation on the Gene Norman Television Show, "Campus Club." Several A.S.B. officers and commissioners were asked to talk about the various activities and traditions at Samohi.

President Dinny McIsaac spoke to the TV audience about the campus and student government, while Mr. Day expressed the sentiment of the entire student body when he described our school as the "best in the U.S."

Girls' League

The leadership and efficiency of Jan Nielson highlighted the success of Girls' League in the Winter of '55. With a capable Cabinet to operate with, Jan sent the semester off to a flying start with a traditional custom—the Big and Little Sister Tea. This tea is for the express purpose of acquainting new girls with the organizations, student government, and traditions at Samohi.

On October 13, twenty girls modeled the latest styles in the Fashion Show. Those girls were: Deanna Afner, Sharon Bleeker, Carol Clayton, Judy Coleman, Martha Crecos, Barbara Edilson, Gail Edilson, Joyce Flink, Janice George, Margie Gerber, Sandy Henley, Karen Holdren, Barbara Kidd, Barbara Leverett, Wendy Mercer, Deanna Medby, Nancy McCord, Bobby Schenken, Dulce Wilmott, and Janie Zwicker.

Next on the agenda came the Spinster's Skip on October 29th. Girls' League worked fervently to make it a success and their efforts were not in vain.

In addition to their regular schedule of events, Girls' League added a few more activities to their calendar. Those were: a Boys' and Girls' League Box Luncheon, a Christmas Cheer Drive, and the support of an orphan in Holland.

Bringing the semester to a close, all Girls' and Boys' League squad members were invited to attend a joint barbecue held in the Greek Theater.

In recognition for "service above and beyond the call of duty" in building for the future, we of Samohi salute you.

The saying "Good things come in small packages" was verified when Leslie Mason took over the roll of Girls' League President. Undaunted by the magnitude of the forthcoming tasks, the Board operated quickly and efficiently on all matters.

The first event of the semester, the Big and Little Sister Tea, attended by a large number of girls new to the campus, was successful beyond all hopes.

The squads were active in money raising activities, such as cake, cookie, and taco sales. Each captain strived to bring their squad members nearer to full participation in Girls' League.

An important event, not only to the League but also to every student, was the Candy Carrousel held on April 15. Decorated in all the gala colors, the girl's gym was a vision of "sugar, spice, and everything nice."

Included among the most interesting events of the semester were the various conferences where Samohi Girls' League was represented. March 16, was the Girls' League Spring Conference at Beverly Hills High School. Representatives from seven high schools of the Los Angeles District exchanged ideas for advancement of each League.

The annual convention of Girls' League Federation of Southern California and Arizona took place March 26, at Fullerton Union High School. After a wonderful program, presented by the hostess high school, there were discussions on several problems faced by each school. Our representatives gained new ideas useful to Samohi, and experiences that will be helpful in building toward the future.

Boys' League Plans Toward Future

Building for the future certainly exemplifies the spirit of the Boys' League Board of the Winter of '55. Under the fine leadership of President, Don Cope; Vice President, Howard Sisson; and Secretary, Jim Poston, the Boys' League did much to create and develop leadership among the boys of Samohi. The members of the Board were: Rick Michels, Dick Bahn, Mark Gates, Dick Beazell, Lynn Iverson, John Carmack, John Burnside, Dave Chapman, Ken Smith, Bill Linderer, Paul Loughry, Art Herman, Dan Kanan, Paul Koshitani, Mas Matsumura, Ron Lovell, Tom Ryan, and Dennis MacDermott.

One of the outstanding things done by the Boys'

League—to develop the idea of giving rather than receiving—was buying a Christmas tree for the main hall and decorating it with new ornaments. This was done to create spirit in the Christmas Cheer Drive.

The Boys' League Board spent their "off campus day" by feasting on fried chicken at Knotts Berry Farm.

At the last of the semester, the Boys' League Board started plans for the Boys' League Talent Show to be put on during the first weeks of the new semester. This show develops talent for the future and offers entertainment to the students of Samohi.

The Boys' League Board of Spring '55 did a great deal to uphold the traditions of Samohi. Under the leadership of John Gourleys, President; Jim Poston, Veep; and Dick Beazell, Secretary; the Boys' League put on one of the best talent shows seen at Samohi. They were rewarded by having larger audiences than any previous show. Providing much amusement and entertainment, the Boys' League show will long be remembered by Samohi.

This Board was also noted for its fine student courts. In the courts the Board tried to develop boys for the future and help them in every way possible.

A good Board makes good Boys' League officers great and this year's Board really helped their officers. The Board members were: John Burnside, Dave Chapman, Mark Gates, Bill Barks, Lynn Iverson, Dan Kanan, Paul Kashitani, Benny Leivas, Ron Lovell, Dennis MacDermott, Mas Matsumura, Harold Olfield, Don Ouchida, Ron Snyder, Howard Sisson, Mick Riesz, and Mike McGuire. These boys by their participation in Boys' League have gained much knowledge which will benefit them in the future.

KCRW

This is K C R W - FM station of the Santa Monica City Schools signing on with transmitter located at Santa Monica City College. K C R W - FM broadcasts regularly on an assigned frequency of 89.9 megacycles from Santa Monica High School on Tuesday and Thursday from 2:30 to 3:10 P.M. and at other designated times during the school year. K C R W - FM INVITES YOU to listen now to "Samohi On The Air."

The members of the K C R W staff have one of the most interesting jobs at Samohi, that of broadcasting over our local radio station. They all work together in a common interest, that being a successful show. Everyone on the staff is able to do any of the jobs. They rotate from producing and acting, to announcing, engineering, and writing.

Those who lead the way in the winter semester were: Jim Thompson, and William Hurst in Radio II, Carolyn Ardavanis, Dick Arinsberg, Mary Bambrick, Bruce Mark, Linda Sandner, Steve Sokol, and George Swarts in Radio I. Following them in the spring semester were: Bruce Mark, Steve Sokol, Dick Arinsberg, and William Hurst, Radio II, and Judy Archer, John Burnside, Ronnie Heirburt, Ann Kennedy, Jonathan Knopf, Joe Ridges, and Warren van Swearingen, in Radio I.

Under the direction of Mr. Dick Jenkins with Mr. Courtney Eichholz as instructor, the students learn the technical training needed for a career in Radio. The members of the K C R W staff are gaining experience as well as building the foundation for an interesting and creative career.

Don't miss your cue.
Judy Archer, Jonathan Knopf,
Joe Ridges, Dick Arinsberg,

And now a word from our an-

Mr. Eichholz and Judy Archer.

You're on the air.

Spring and Fall House Members Complete Important Drives

The fall semester of the House of Representatives added another year of fine service to Samohi. Acting as the "middle man" between the ASB Cabinet and the student body, the House makes the problems of the individual student known to all the students.

Serving as Speaker of the House in the fall, Raquel Sisson held the gavel, and Barbara Moody assisted her as House secretary.

The House's largest and most successful drive was the Christmas Cheer Drive. During the drive, Samohi again proved its generosity. A fine job was also done on the PTA membership campaign.

We of the Nautilus Staff wish to express our sincere appreciation for the fine job the House did on our sales campaign.

House of Representative leaders for the spring semester were Molly McIntyre, Speaker, and Dorothy Savage, Secretary.

Working together, they did an excellent job in setting the stage for both the Blind Drive and Red Cross Drive. Due to the diligent efforts of the house members, both drives were tremendously successful!

Pins for house members have been long anticipated and became a reality for the first time this semester. Another "first" for the House was a banquet at the year's end.

Initial steps toward a student union began this semester thanks to Molly McIntyre and Mark Gates. Next semester's House will inherit these plans and continue them.

Nautilus Staff

This year the NAUTILUS staff was somewhat like Columbus' voyage. The small group of "land-lubbers" who assembled in September of 1954 wondered how soon they would get their "sea-legs" for the long trip. However, after learning the basic fundamentals of yearbook production, the crew set sail under the leadership of an able staff.

Pat Moody was editor but unfortunately because of illness she was unable to keep her position. Carlene Rona took over the editorship and Pat became associate editor. Dixie David became a business magnate as she assumed the responsibility of business manager. Other staff members were Barbara Koskoff and Alice Tollefson, sales editors; Lee Berlinger, sports editor; and Bettelu Higham, advertising editor. Kathy Finley as art editor held the vital responsibility of making all layouts.

Samohi certainly saw a busy group as the NAUTILUS staff members tramped the streets of Santa Monica looking for potential advertisers for the yearbook. This campaign continued throughout the year as proud Vikes modeled for the advertisements.

Of course, there was a theme to choose and as bull-dozers rolled by making room for the new construction on the campus what could have been a better idea than "Building the Future?"

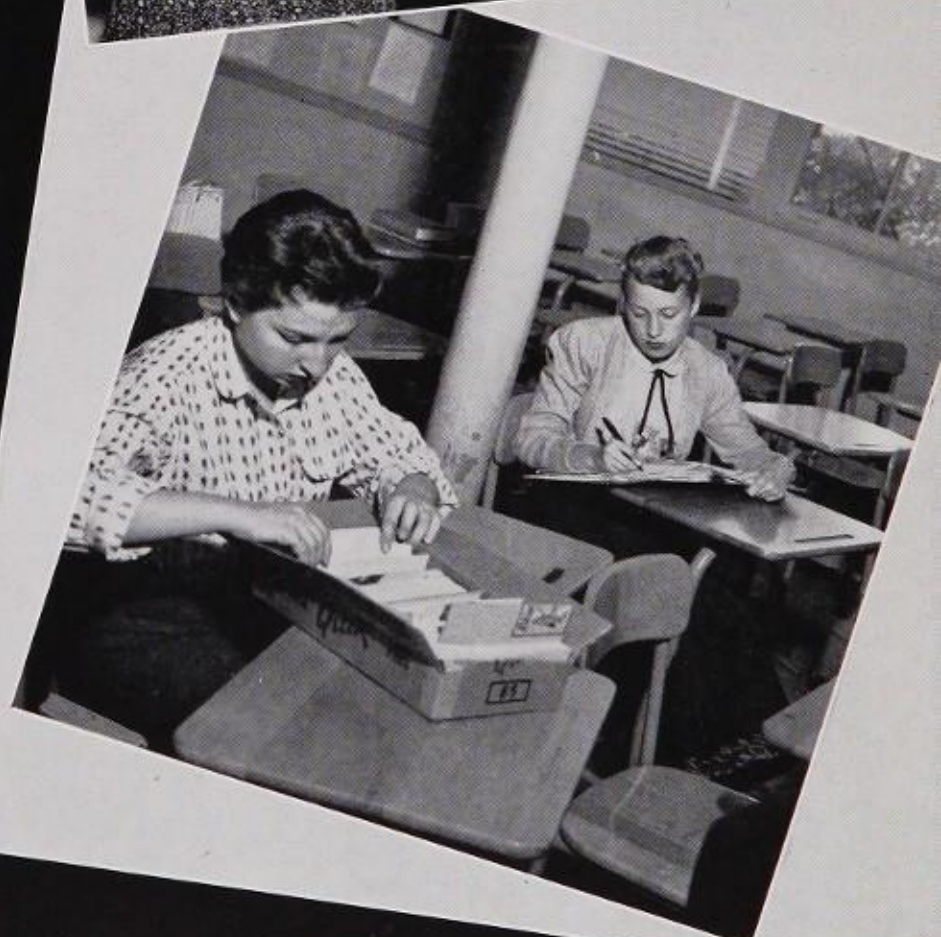

Logs the Facts

This is your NAUTILUS made possible only because of the fine spirit you, the Students of Samohi, demonstrated in participation in school events and activities. The NAUTILUS staff has watched your every move and has recorded it in this "log" of facts.

You've showed your response to this hard work when over 1300 copies of this yearbook were sold in the second period classes. Almost all of Samohi's clubs agreed that "a picture is better than a thousand words" as they assembled to be represented in the NAUTILUS.

At the end of the winter the staff was hidden under a torrent of problems to be solved and work to be done but the spring semester brought a solution to the difficulty. New members such as Jack Sutton, Kay McIntire, Carolyn Harris, Mark Gates, Dan McCollum, Nancy Frankforter, Pat Knowles, George Kelley, and Arlene Ward filled important positions.

These new members worked hard and successfully to contribute to the NAUTILUS. Everyone was busy writing copy, editing, typing, and "pasting the dummy." Pat Knowles was rather worried when Miss Platt, NAUTILUS advisor, told her to type a blurb. But as a group that launched with only a small fleet on an unchartered sea, each NAUTILUS member has truly earned the title of "old salt."

Samohi Rolls

As the Samohi rolls off the press each Friday afternoon, the students of Samohi are brought the latest news on campus, in the many news articles, columns, features, photographs, and sports pages of the paper. Preparing this weekly, are students interested in journalism not only as a hobby but as a career. By working on THE SAMOHI, they are building toward their future.

The rolling of the press is the climax of a long week's work as any staff member will tell you. Under the direction of Wendell Smith, the planning of the paper actually starts as soon as the previous week's paper is off the press. On Friday afternoon, the Editorial Board of the paper gets together and decides what type of editorials should be run in the coming edition. After this is decided, each editor goes over the coming events schedule, so that assignment sheets can be prepared. The assignment sheet is a very important phase of THE SAMOHI, for it ties in with the important work of the cub reporter. The job of the cub reporter may not seem too important to outsiders, or to the cub himself, but in actuality, he is the back-bone of the newspaper. It is his job to get the news either on the assignment sheet or on his own. For the fall semester, cubs were: Sandy Henley, Marilyn Wood, Brooke Tompkins, Bill Newman, Bob Riopelle, Ken Allen, Jim Eagen, Jim Cha, Stan Jacobs, Marilee Shad, and Arleen Miller.

Armed with the copy turned in by the reporters, the job of the editors begins. Estimating copy, drawing page layouts, writing headlines and editorials, scheduling pictures that are to be taken — these are some of the headaches facing the editors of THE SAMOHI each day.

To Success

When this work has been completed, the editorial staff journeys to the Santa Monica City College Print Shop where the paper is set in type and made-up. Here the editors stand by for any last minute changes in the paper. Editors for the fall semester were: Ron Lovell, Editor; Carl Horton, Associate Editor; Betty Huntsman, Feature Editor; Johnny Lawrence, Sports Editor; Ken Allen, Exchange Editor. On the business staff were: Sandy Henley, Commissioner of Publications; Tom Torbert, Business Manager.

Heading the Editorial staff for the spring, was Brooke Tompkins in the position of Editor. Following Brooke were: Carol Horton as Managing Editor, Ken Allen as Associate Editor, Betty Huntsman as Feature Editor, and Johnny Lawrence as Sports Editor. The reporters were: Fred Beck, John Belgen, Aron Collons, Judy Coleman, Lewis Frank, Jessie May Hawtin, Rosemary Hudson, Terry Landen, Dale Plumb, Art Robertson, Donna Spellman, Toni Szabo, Paul Larsen, Mona Wenk, Frances McIntyre, Phil Bond, Judy Archer. Members of the Business Staff were: Ron Lovell, Publications Commissioner; Tom Torbert, Business Manager; Frances McIntyre, Morguekeeper; Judy Archer, Exchange Editor; and Phil Bond, Circulation Manager.

When Friday finally rolls around, you will find the students proud of what they have accomplished. Not only have these journalism students built a fine newspaper, but in doing so they have begun to build for themselves a successful future in a field necessary to any democracy—a free press.

Pep Rallies Boost Viking Spirit

The Samohi Flag Twirlers perform in the Greek Theater as the Redondo High and Samohi yell leaders lead the Santa Monica student body in a clap.

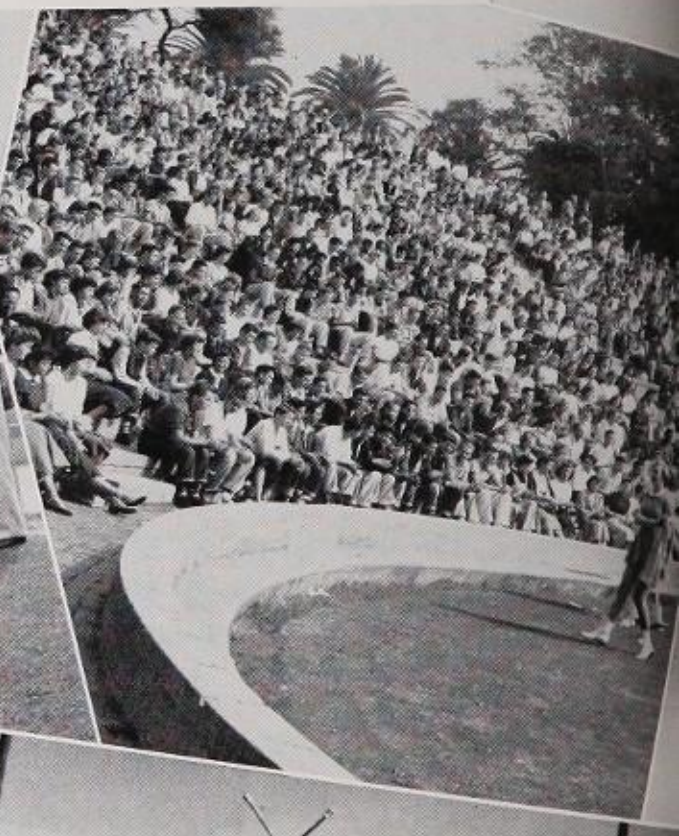

The Samohi Pep Band under the able leadership of Lee Knight awes the Redondo High song leaders with their spirited playing of Samohi fight songs.

High stepping Redondo songleaders perform as Howard Sisson, yell leader, and Art Herman, yell king, lead the "backbone of Samohi" in a clap.

The pretty Samohi flag twirlers perform before a capacity crowd at the Samohi and Redondo exchange pep rally.

The talented and pretty Samohi songleaders, Barbara Anthony, Lt. Barbara Moody, Suanne Brenner, Dorothy Italiano and Judy Haley, strike a photogenic pose on the steps of the main building.

It is very plain to see why Shirley Walker, Dorothy Savage, Lt. Roberta Huber, Nancy McCord and Mary Weber, won first place as baton twirlers at the All Western Band Review at Long Beach.

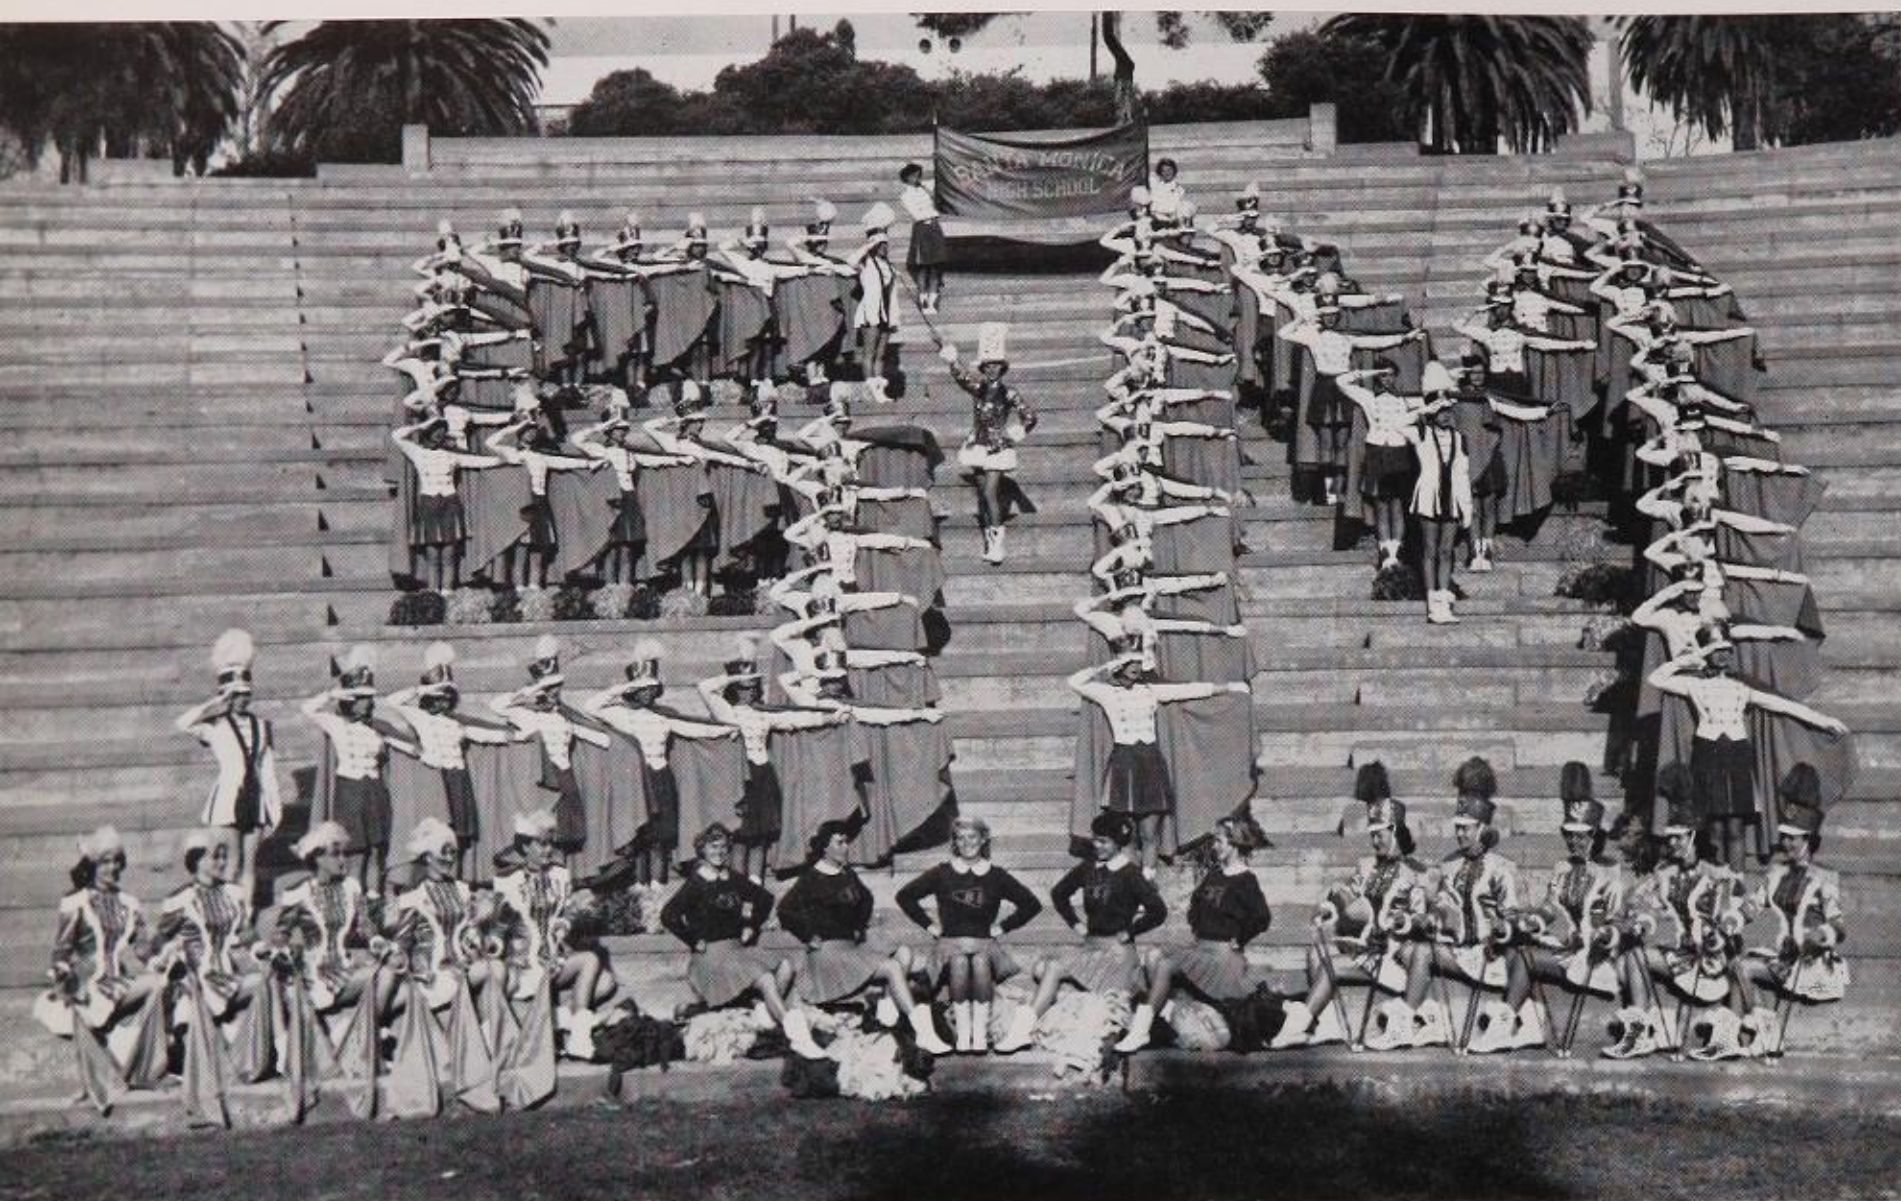

An audience of students watch Sergeantette fronts performing a routine to "South" at a pep assembly.

"Pretty as a picture," these flag twirlers pose for our camera. They are: Barbara Gilbert, Toni Szabo, Lt. Janice Weaver, Carol Anne Clayton and Shirley McClain.

"Calm, cool, and collected" are Samohi yell leaders: Howard Sisson, Dave Jenkins, Art Herman, and Benny Leivas.

"A Pretty Girl is Like a Melody". This particular melody is vivacious Deanna Medby, Sergeantette Colonel.

"If We Rest, We Rust"

Leading the Sergeanettes this year was the beautiful and talented Deanna Medby. During half time at football games or in parades, she could be seen doing a difficult baton routine or directing the drill team in their formations.

Every girl in Sergeanettes must live up to the high standards stated in their Constitution. "The purpose of the Sergeanettes shall be to develop leaders; foster good fellowship; encourage scholarship; promote interest in school activities; and build a foundation for better character." The scholastic average of the drill is a B grade.

One of the factors that helps to make the Sergeanettes an outstanding organization is the attitude that each girl has about doing her share of the work. In everything they do, there is one hundred per cent co-operation.

Last summer, Sergeanettes boarded a school bus for a camp in the High Sierras. Although it was the first camping trip for some of the girls, it worked out beautifully. Many of the Sergeanettes are going again this summer.

Sergeanettes is based upon the pattern of a military organization. The girl with the highest rank is the colonel. Under her are four captains, three lieutenants (one for each group of fronts) and ten sergeants. This year, Pamela Leon was the mascot, a miniature colonel about eight years old. Sixty girls compose the drill team with ten substitutes. Mrs. Kay Crawford is the sponsor and originator of Sergeanettes.

The Santa Monica Sergeanettes salute Samohi in the formation of SM, the base of which is formed by the fronts.

This half-time performance was to help the Community Chest drive. Every performing girl wore a red feather and twirled a flag with the emblem on it.

Posing for the "birdie" are six lovely Sergeanettes. They are the fall semester officers. Bobby Heineman, President; Jan van Alstine, Veep; Diane Lopic, Corresponding Secretary; Nancy Kneeshaw, Recording Secretary; Colleen Brown, Treasurer; Carlene Rona, Business Manager.

Viking Band Strikes Up for Samohi

The Samohi Viking Band, with their striking blue and gold uniforms are a real tribute to Samohi.

Three of the most important activities of the band are: playing at football games, basketball games, and pep rallies.

The executive officers of this inspired band are: Bob Callagy, President; Dale Plumb, Vice President; Sandy McVickar, Secretary; Dennis Collins, Treasurer; Koni Corrigan, Social Chairman; and, Nancy Mahood, Librarian. The able military officers are: Lee Knight, Drum Major; Eugene Zimmerman, Assistant Drum Major; Dale Plumb, Captain; and, Bob Harris, Bob Callagy, Bob Newhaws, Dennis Collins, Sue Clover, Marsha Taylor, Nancy Mahood, Dick Knickerbocker, Eugene Zimmerman; and Preston Kies, Lieutenants.

The band attended the U.S.C. Band Day and marched in the March of Dimes parade. The highlight of the football season was the Long Beach Band Review in November. This gave the members of the band a chance to show their talent.

The highlight of the year was the Band Concert held in May.

The Samohi band enjoyed various social functions: the raiding of Knott's Berry Farm after the Band Review, and a swimming party, which were highly acclaimed as fun.

Congratulations to all the members of the Samohi band. You have achieved high acclaim from the Viking student body for doing such a grand job in representing Samohi at all functions.

Scholarship and Service

The Delians, Chapter 97 of the California Scholarship Federation, became active during the Winter semester under the co-sponsorship of Mrs. Anita von Sternad, Dean of Girls, and Mr. Les Powers, psychology and social studies teacher. Their motto "Scholarship for Service" was well fulfilled under the student direction in the winter term of Ann Kennedy, President; Ken Smith, Vice-President; Ronnie Reese, Treasurer; Wendy Machamer, Recording Secretary; and Marinell Wright, Corresponding Secretary. The presiding officers in the spring were Lauren Reager, President; Margy Gerber, Vice-President; Edwin Beckenback, Treasurer; Susan Pickett, Recording Secretary; and Doris Knief, Corresponding Secretary.

A trip to the new West Los Angeles Mormon Temple and the UCLA cyclotron were highlights of the semi-annual Delian off-campus day. The Winter and Spring Delians both started their money raising projects with a car wash. The fall semester Delians gave a party with their profits.

Boasting a membership of 140, not counting associates, the Spring Delians planned an active semester. One of their main highlights was the Sealbearer's banquet.

Vikings Almost Achieve Impossible

Samohi will inaugurate an aggressive and spirited eleven for the initial campaign beginning next September. But what happened last year?

The Blue and Gold had almost done the impossible—almost, but not quite. No other team in all of Southern California had snatched the C.I.F. title three years in succession. The final test was approaching.

September 25 the San Diego Hoover Cardinals invaded Corsair Field. Hoover was back to avenge their one touch-down loss of last year. Almost at once the Cardinals opened a flaw in the Samohi defense. San Diego cheered as a shocked Samohi swallowed the 34-20 verdict. The inevitable had happened.

From then on the Vikings sharpened their defense. Mira Costa was crushed, Leuzinger fell, and Paramount was succumbed. The Samohi machine was operating with finesse as it won over Redondo. On November 6 Inglewood proved no match for the passing defense of the Vikes.

On November 12 the Centennial Apaches won C.I.F. 10,000 spectators saw the finest line in all of C.I.F. football thwart the surging stabs of Samohi, the first team to mar the then unblemished record of the Apaches.

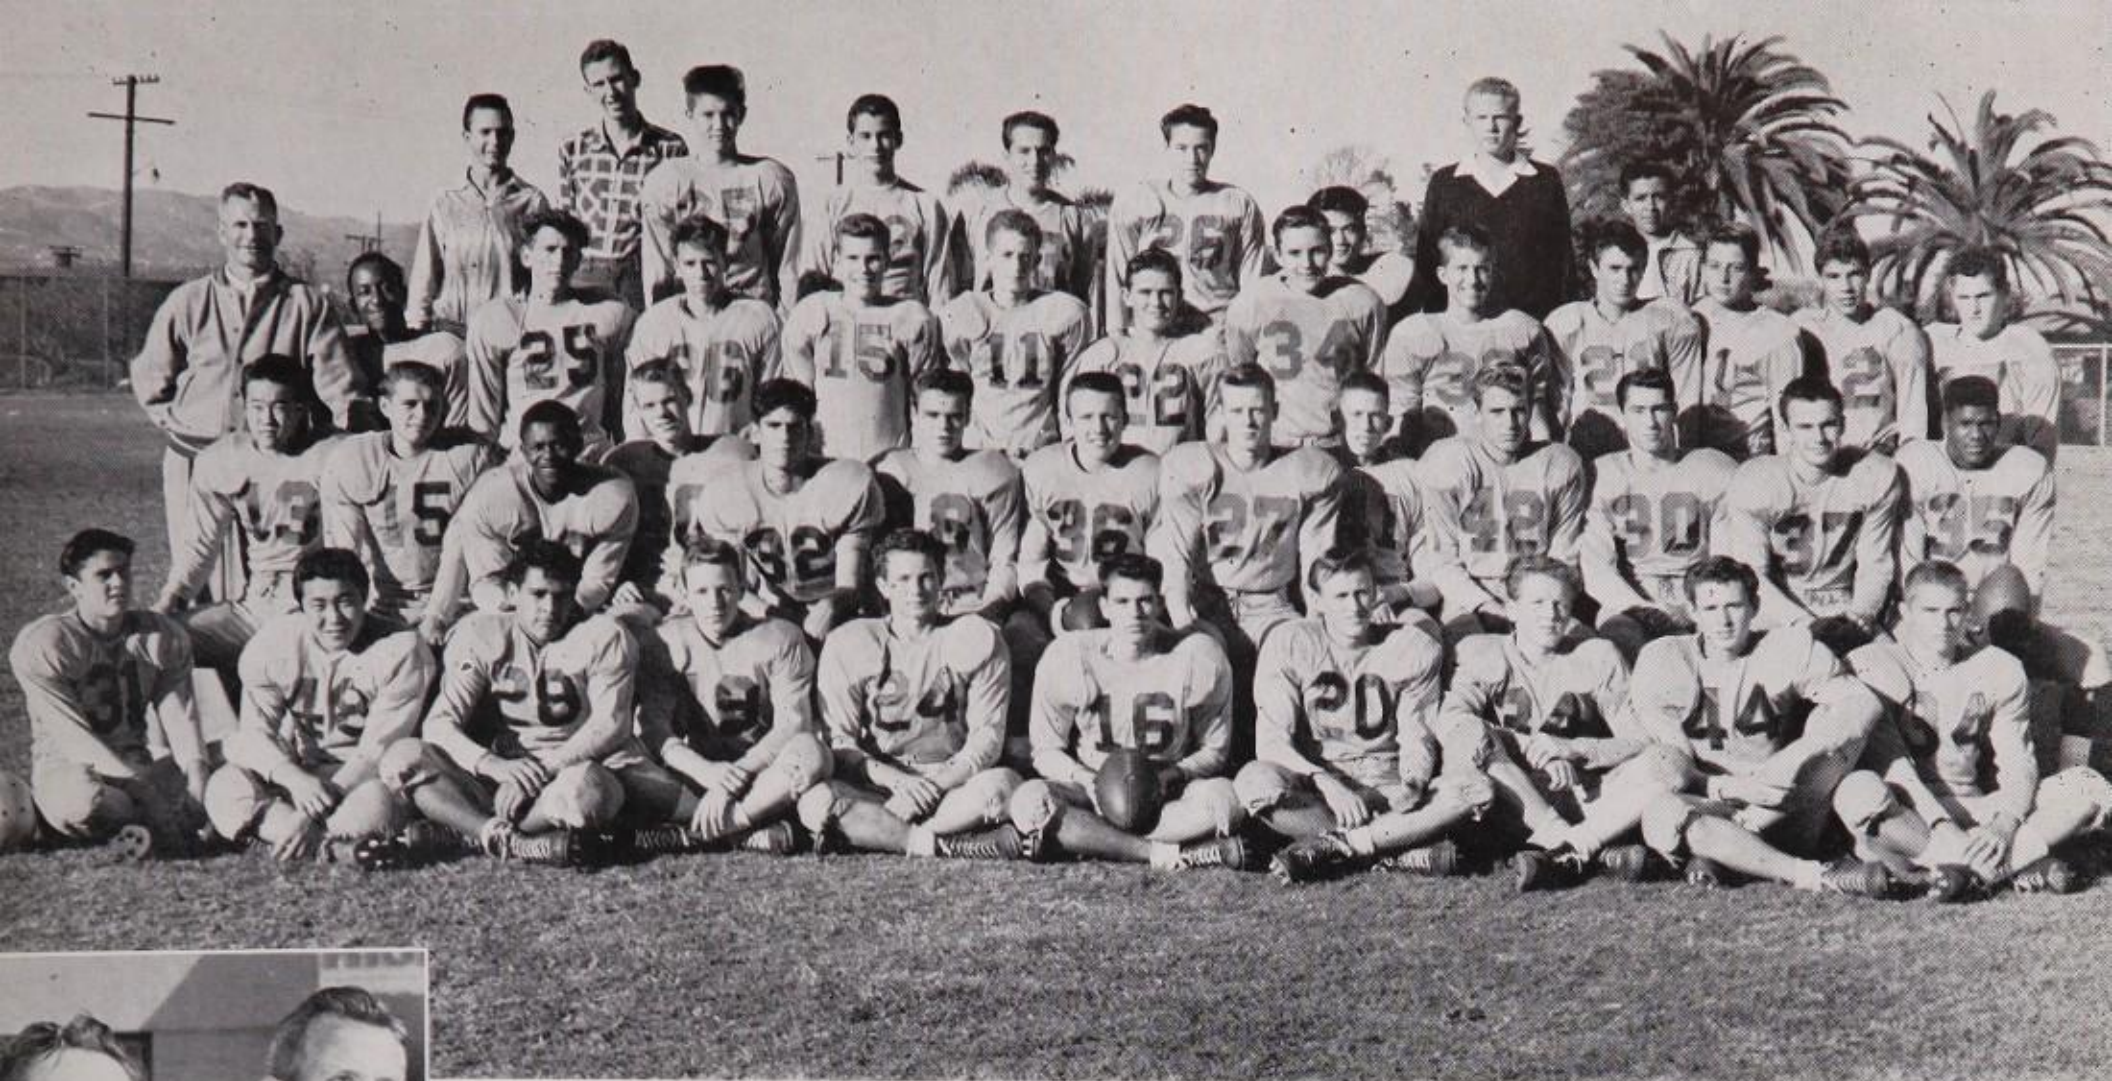

Samohi had lost the Bay League Championship slipping into second place. Thus giving them a chance for the C.I.F. title.

Battling again for the C.I.F. title, the Vikes out-fought Torrance, San Bernardino, the Riverside Bears, and even the San Diego Hillers. Samohi, smelling C.I.F., soared to Glendale's two yard line, but lost the pigskin on downs. Fresh Hoover replacements overwhelmed the strained Viking defense as the gun went off with the score reading 34-13. Hoover's favor.

The Vikings had lost C.I.F. but their spirit carried them on to a season to rank with the best.

B's Tie for Bay League Championship

While Coach Stillwill's charges blaze through the record books, the B team, under Porter Leach and Mel Sevland, boast a smaller, although sometimes equally as potent ball club.

The Baby Blues walloped Lynwood city at Corsair Field opener but lost by one point to Mira Costa on the Mustang's home pasture. Samohi scored in the opening minutes of play and it looked like a sure Viking win but Mira Costa scored and succeeded in getting the conversion.

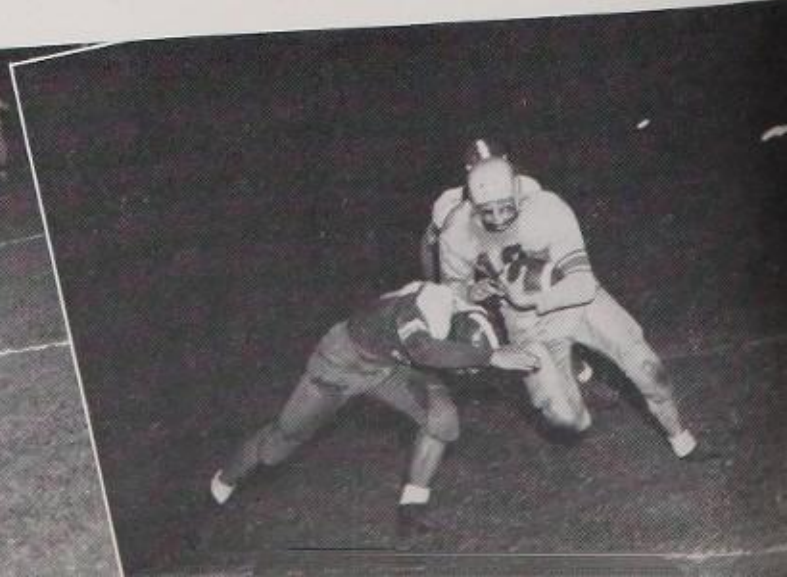

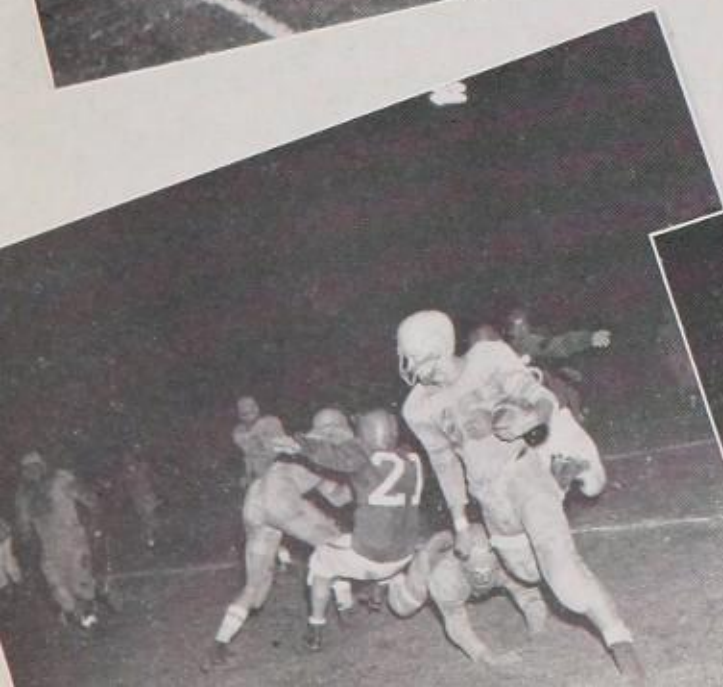

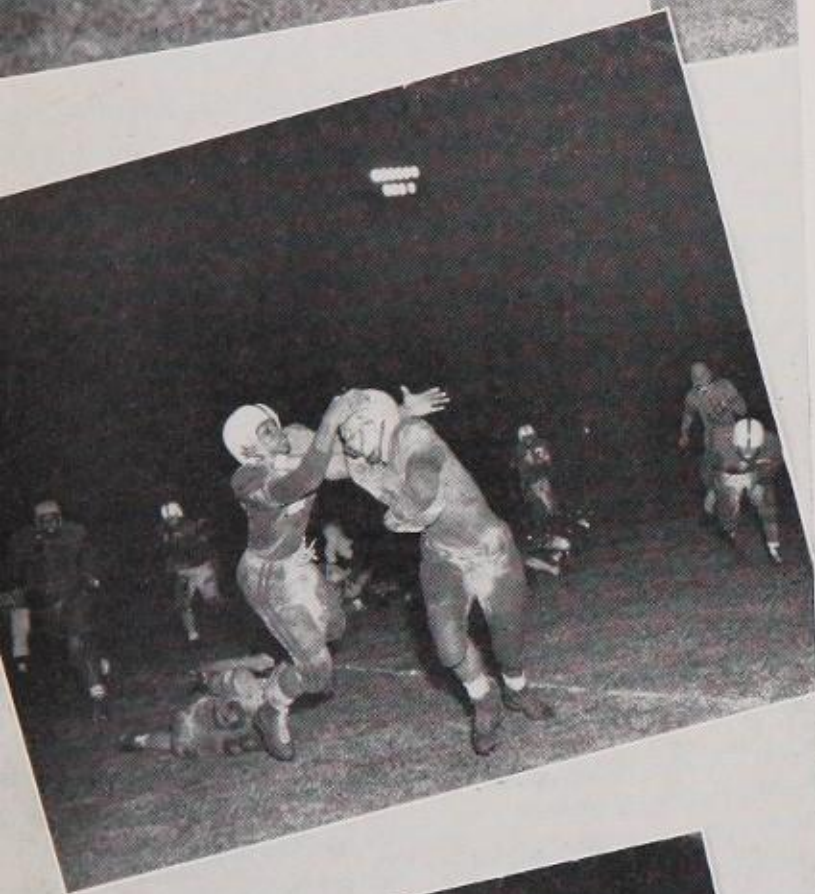

The B's then proceeded to thrash five consecutive foes, including a powerful paramount outfit. November 18 saw Torrance squeeze a 20-19 victory over the B's at Corsair field. At the end of the third

quarter of this exciting game the score was tied 13-13. A fumble by Samohi was picked up by a Torrance man and he ran 50 yards to score. Samohi scored again but lost the conversion. This necessitated a first place tie for Bay League honors between Samohi and Torrance.

Hard running by halfback Al Davis and fine passing by quarterback Gary Mills led the Samohi B's to a very tough win over Redondo, 6-0.

No Bay-league team was set this year, but 20 inspiring lightweights earned the emblematic "S".

Varsity successes are largely determined by the Baby Blues; for it is with the B team that the valuable football experience is gained.

Coach McGarvin

Here at Samohi, basketball is deservedly a popular sport not only in regular gym classes but in tournaments as well.

Certain skills, displayed by every member of the Varsity team, must be maintained in order to have a successful season. Alertness of eye, quickness of movement, accuracy and endurance are all essential in the playing of one of Samohi's favorite sports.

This year's Varsity Basketball team, tied with Torrance for first place. Paul Lowery who played forward this year was one of the five outstanding players picked for All Bay League. Other members of the first string team were: Norman Hensley, forward; John Reames and Leonard Robbs, centers; Doug Franks, guard.

The Samohi Varsity Track team has shown great strength in spite of added competition. Starting the season off, the track team met Glendale Hoover who dampened our spirits. However, Samohi bounced back to win most of the meets with ease.

Shot-put champion and Samohi record holder, Duncan Ward, highlighted the Viking season with consistantly good performances. Backing up Duncan in the shot were Art Phillips, Wayne Figuereto, and

Bob Halprin. Clifford Putnam proved to be in good form in the hurdles; and Howard Sisson brought in quite a few points. John Bourget, Bob Dorsey, Jim Golden and William Shoemaker gave great strength in the sprints and relay.

Gordon Beckley, Norman Hensley, Brian Dickson, W. D. McIntosh, Lynn Iverson, and Don Drake were distance runners and Doug Franks and George Sweeney were hurdlers.

Baseball Teams Enjoy Successful Season

Samohi's Varsity Baseball team enjoyed one of its most successful seasons in a number of years. Paced by the brilliant pitching of Saul Armendariz and the batting of Fred Newman, Joe Romo, Gary Mills and Don Ramsey, the Vikes gave their school something to cheer about. As the Nautilus goes to press, the Vikes are tied for second place, with two games to go.

Of the eleven players lettering this year, six will return next semester. In the 1956 season Samohi,

for the first time, will enjoy the services of its own baseball field.

This year Samohi's J.V. Baseball team fought hard and turned in another good season. With the able pitching of Jim Robertson and Cliff Peterson, the Junior Vikes rounded into one of the finest teams that Samohi has ever known. Larry Gross, Mike Buell and Steve McBeth boosted top batting averages and gave J.V.'s Coach Don Kramer reason to be proud. During the season they won ten games and lost only one.

ROW 1—Roger Dickson, Allen Spiegleman, Ron Hotchin, Bill Crabbe, Walt Gilbert, Dale Dumont, Don Morinaka.

ROW 2—Steve Dean, Duffie Fryling, Tommy Robinson, Lucky Cole, Mark Gates, Harry Coulombe, Dennis Martin.

ROW 3—Ronnie Clark, Bob Pride, Hank Kalvin, Jerry Post, Doug Siegfried, Bob Hill, Ronnie Brown, Wayne Samp, Ronnie Hamilton, Mr. Clark.

Swimming

The Swimming team boasted only five returning lettermen this semester. Under the direction of Norman Clark, the team defeated St. Monica's at Inglewood, however, they lost their first three meets to Beverly Hills, Muir, and Inglewood. Other meets were held against Leuzinger, Beverly Hills, and Mira Costa.

The success of the team was due to the active participation of its members. Several outstanding swimmers who are not pictured are: Dinny McIsaac, Joe McKinsey, John Barrison, Stan Aronberg, and Bill Bunker. Joe McKinsey, Stan Aronberg, Bill Bunker, and Wayne Samp qualified for C.I.F.

Due to the efforts of every team member and the supervision of Norman Clark, the Varsity Swimming team placed third in Bay League.

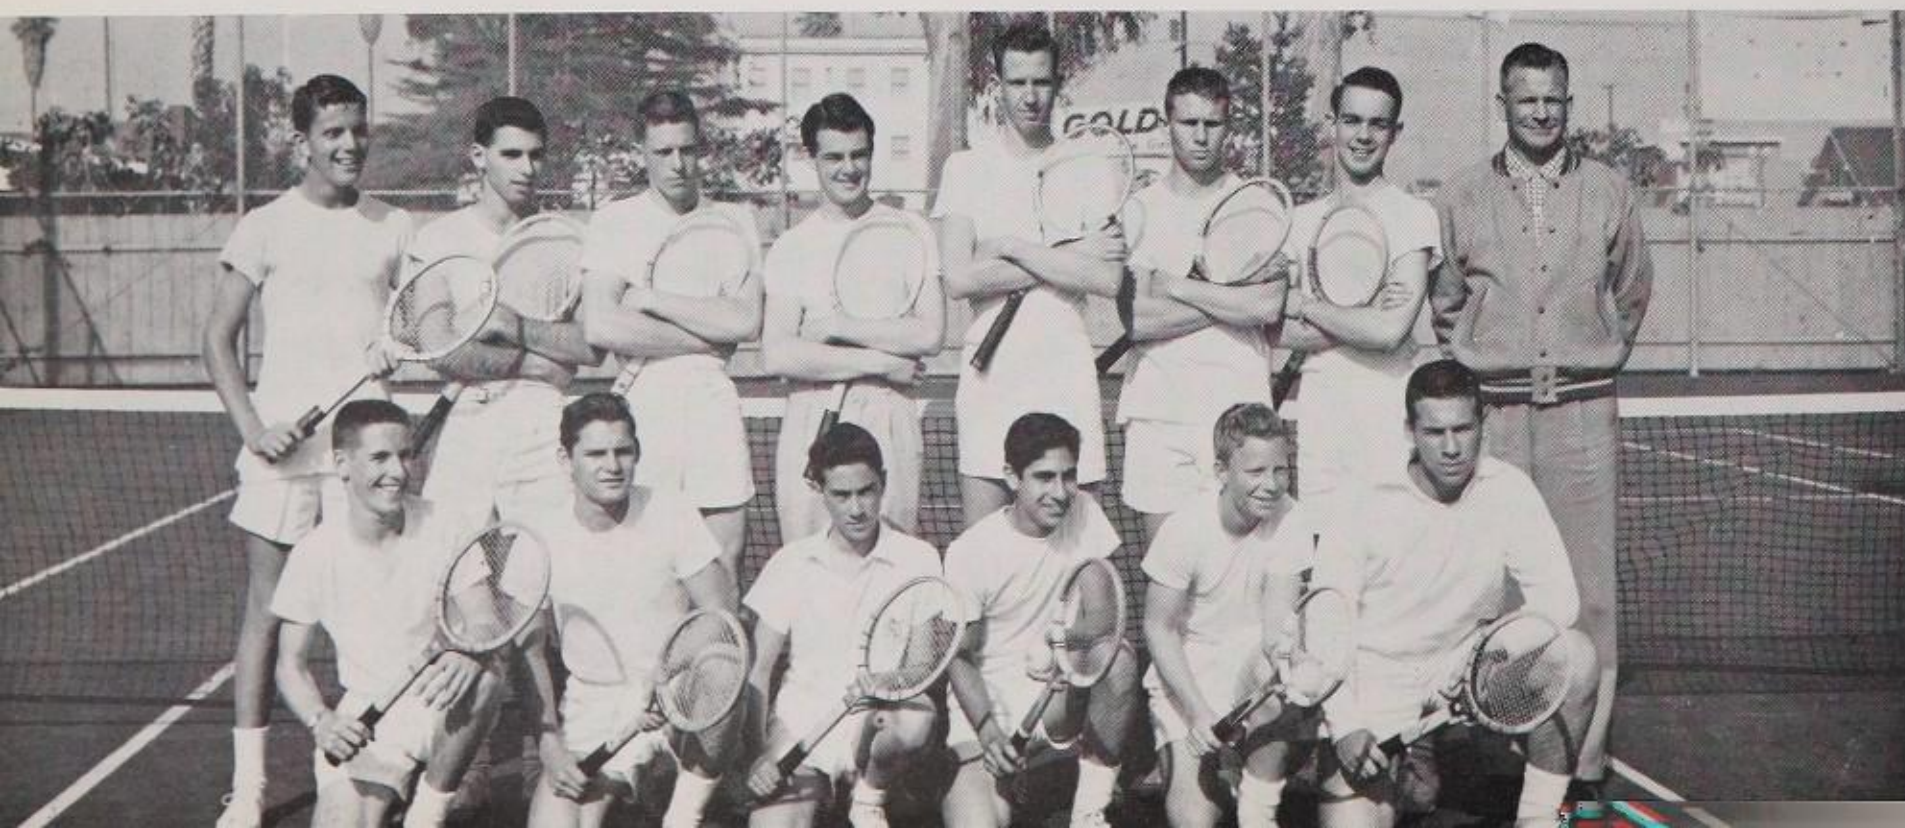

Tennis

This year tennis team, under the direction of Coach Porter Leach, added another victory to their long list of previous successes. Charles Earl, Andy Kempner, Joel Friedman, Richard Drake, Fred Beck and Bill Hinderer all displayed their skill with a racket as they vollied against Leuzinger, Beverly Hills, Redondo, Inglewood, and Torrance for the first place championship.

Several members of this year's team will be returning next semester along with some new members from the Junior Highs. With these returning members and new netters the tennis team is expected to snag another Bay League title.

SPORTSMANSHIP

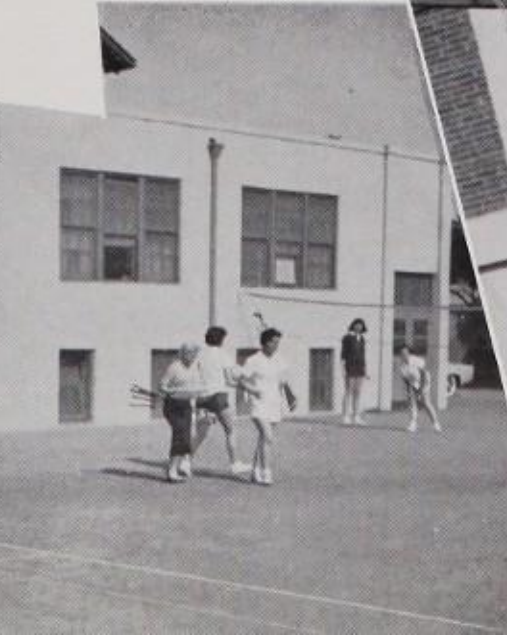

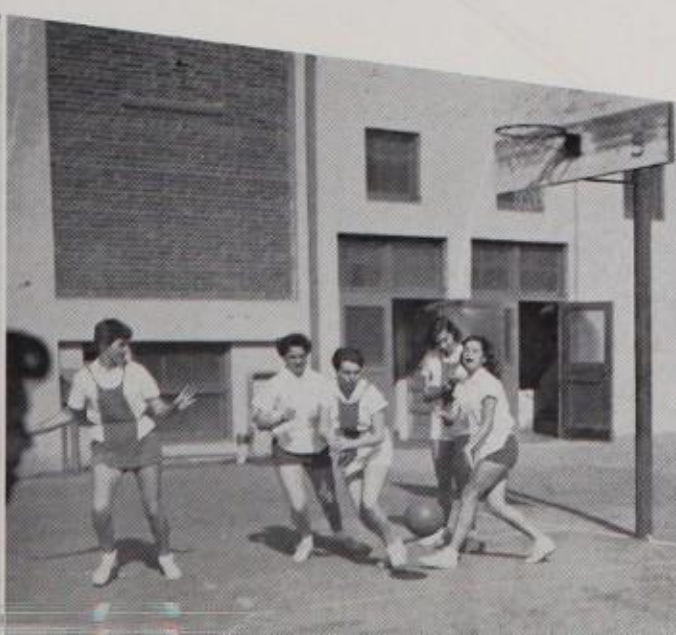

The purpose of G.A.A. is "to co-operate with the gym department in promoting a spirit of good sportsmanship, to develop a high degree of physical ability, and to foster a spirit of service to the school." With the guidance of Mrs. Anne Spear, Mrs. Josephine Dyson, and Mrs. Dorothy Berger, the G.A.A. of Samohi is living up to these ideals.

The fall semester saw Marilyn Wood as President, Jackie Brown as Vice-President, Betty Werner as Recording Secretary, Judy Coleman as Corresponding Secretary and Toni Garduque serving as Treasurer and Molly McIntyre as Head Yell Leader.

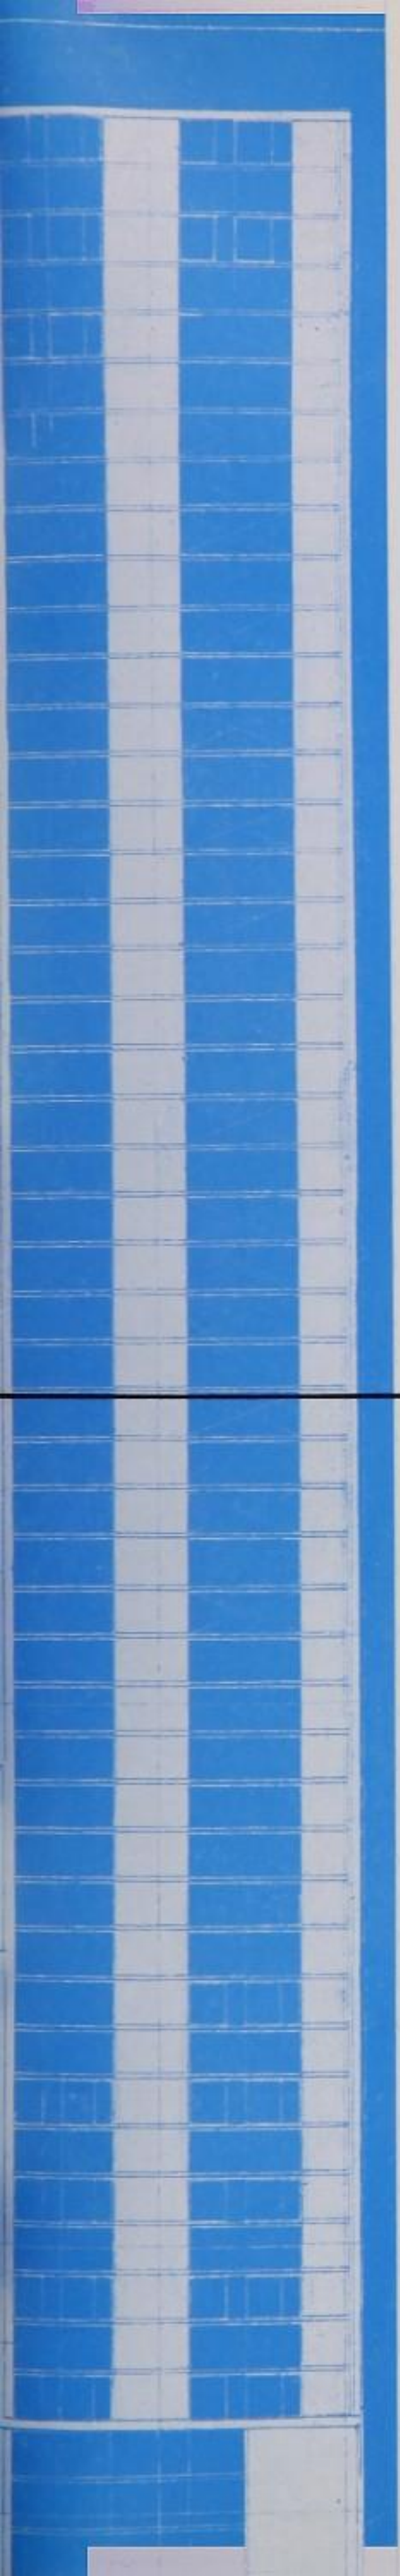

The spring semester staff consisted of: Audrey Record, President; Judy Coleman, Vice-President; Genie Gates, Corresponding Secretary; Carmen Crumpacker, Treasurer; LaRita Brown, Head Yell Leader.

Playdays, football and basketball luncheons, mother-daughter sports night, the "Strictly Rhythm" show, the G.A.F. Conference and various noon games filled the G.A.A. calendar of events.

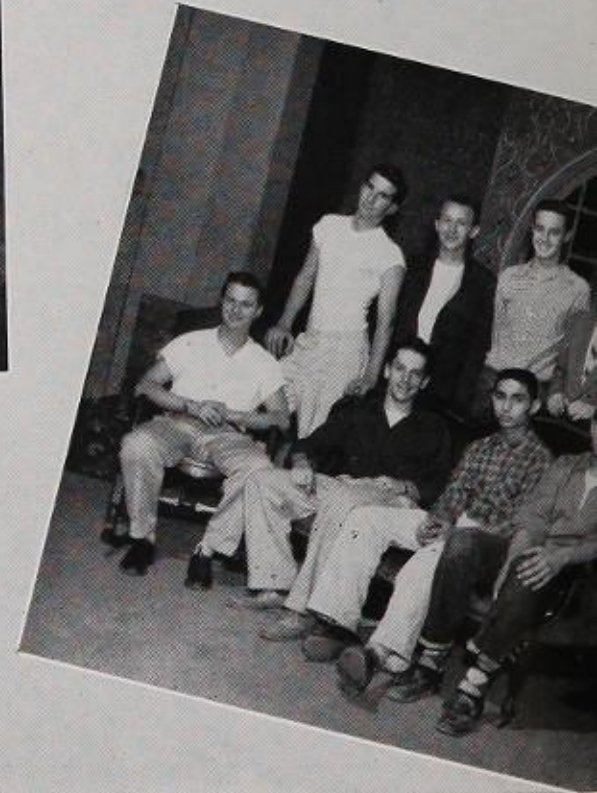

The fall semester will long be remembered for the newly instigated card section under the leadership of Molly McIntyre. As usual the semi-annual Catalina Cruise topped off the 1955 year for the Girls' Athletic Association of Santa Monica High School.

"Crowbuzzards, that's what we are, crowbuzzards." Ben Jordon (Richard Lawrence) certainly was right in his description of the Jordon clan. Gathered at a New England home to await the death of their mother, the family is constantly bickering about the expected inheritance. Jane (Janie Zwicker) seems to be the only "rose" between the "thorns."

Foreseeing the death of Mrs. Jordon, Jane sends her savings to Ben so that he may see his mother for the last time. Ben, the black sheep of the family, is wanted by the law for burning a barn several

years past. His return home is hazardous to his freedom and an unpleasant surprise to the Jordons.

The reading of the will is a shock to all concerned, for everything has been left to Jane, an orphan. Adding to the suspense of the drama is: Jane's constant attempt to appear feminine to Ben; Nettie's (Anita Keiffer) flirtatious eyes; and Henry Jordon's (John Brandt) pleas for money to save his business.

At long last, Ben realizes how much he needs Jane and events take a turn in the right direction.

GHOST TRAIN

Rendie Lu Anderson and Carol Horton gaze with fright, as Dave Phillips and Anita Kieffer practice fainting scene.

Doc. Evans instructs Gail Homes, Louis Frank, Marilyn Werner and Brenda Sidney in the techniques of play production.

"Ghost Train", a weird title but a story with even stranger circumstances, was the senior play for the spring semester.

It is the story of a group stranded overnight in a railroad station and the subsequent happenings when Saul (Mike O'Mally) informs them that the station is haunted.

Strangely enough, the ghost is that of a train which by an act of fate was wrecked when a draw-bridge was left up. This strange spectrum is known to make ghostly runs and is rumored to be certain death for those who look upon it.

Fantastic things occur with the help of Julia (Anita Kieffer), and Teddy (Dick Arinsberg) who

aren't the fools they pretend to be. Adding a touch of humor to the suspense is Miss Bourne (Mary Nall). Equally fine performances were given by Elsie (Rendie Anderson), Peggy (Carol Horton), Richard (Dave Phillips) and Charles (James Dodge).

Finally, it was proven that the ghost train was merely a superstition used for criminal gain. Taking the situation well in hand, Teddy, agent for the Federal Bureau of Investigation, proves that "crime does not pay."

Doctor Edmund E. Evans, director of all Samohi productions, brought this performance up to his usual high standard of success.

Pride of Samohi

Samohi can be proud of the great number of her students receiving awards for high scholastic achievement. 'All the world is a stage' and these students will be the leading players.

Bank of America awards went to four deserving Samohi students. Pat Osborne received the Fine Arts Cup; Dave Wallin, Science and Math Cup; Roberta Pyman, Vocational Arts Cup; and Diane Reese, Liberal Arts Cup.

Diane Reese was also given a Sears scholarship as were: Janice George; Ann Kennedy, Honorary; and Donna Vredevoe, Honorary.

Taking their cue, three February graduates were awarded the Galen Life Science scholarships. They were David Barton, Helena De Graaf, and Ann Glick.

Three more performances were enacted by Evelyn Lloyd, Wendy Machamer, and Joseph Vesper, receivers of Tegnor Scholarships.

The climax of this theatrical masterpiece occurred as the Ethel Robinson and Addison Barnett Award winners were named. Margie Gerber walked off the stage with the coveted Ethel Robinson Award and Bill Howard took top honors with the Addison Barnett Award.

Last year's outstanding scholarship award winners were Dale Avery, Carol Burns, Joanne Jones, John Leonard, Glenn Wierick, Daryl Wyckoff, Larry Burton, Carolyn Cripps, Louise Goon, Brad Gosche, John Griffiths, Margaret Johnson, Cora Lee Judson, Jon Klofer, Harriet Mathison, Pat Milne, Ardis Muus, Eugene Nebeker, Gordon Passey, Ronald Peattie, Daniel Peterson, Herman Rundle, Pat Ryan, Karen Shearer, Keith Sorenson, Richard Soto, Art Stillwell, Jill Stubbins, and Gayle Wolfe.

As the curtain rings down for the last time, and these students take their final bow before Samohi, the applause is deafening. They are successfully on their way—building their future.

Barbara Moody Reigned Over 'Candy Carrousel'

Holding the title of 'Miss Samohi of 1955,' Barbara Moody reigned over the annual Cotton n' Cord sponsored by the Girls' League. Her court consisted of Janice George, Miss Friendship; Margie Gerber, Miss Loyalty; Jan Neilsen, Miss Personality; and Leslie Mason, Miss Service.

Barbara, a past song leader, has most ably served Samohi during her three years here. She was chosen one of the three most popular girls in Sergeanettes and reigned as a princess at the Sergeanettes Ball.

Personal appearance, leadership, service to

school, scholarship and sportsmanship, were all considered when the student body elected the winner.

Red and white decorations were used in carrying out the "Candy Carrousel" theme. Merry-go-round animals covered the walls of the Girls' Gym.

Music for the turn-about affair, which lasted from 8 to 12 o'clock, was provided by Hal Loman's band.

The door prizes, including clothes, records, jewelry and perfume, were donated by several Santa Monica merchants.

Acknowledgments

The Nautilus Staff would like to thank Barienbrock and Murray for contributing extra time to help us carry out our theme. From them we received the blue print found on the division pages, the picture of the new science building, the picture of the new circle and tennis courts and the montage for the end pages. Again to Barienbrock and Murray we say "thank you."

We appreciate the help of the copy writers: Janice George, Sandy Henley, Marinell Wright, Nancy Mahood, Jim Norris, Donna Spellman, Carole Konold, and Caroline Young. Special thanks go to Estice Ling for art work and Mervyn Sotheran for photography.

This book wouldn't have reached your hands without the help of Tom Atkinson, photographer. The same can be said about Wayne Scott, the printer; Phil Clark, the cover maker; and Bob Mehl and Vince Newcomer, the engravers.

We also bow to the administration and give special attention to Mr. Joe Day and Dr. E. Ewing Konold for their patience and time in solving our personal needs. Mrs. Harriet Berk and Mrs. Marion Skelton also rate a hand for their helpfulness.

Thus, the 1955 Nautilus has been finished. It has been carefully thought out from the mere theme to this page. We sincerely hope that between these covers each reader will find something of interest to them. For the enjoyment of the students of Samohi, the Nautilus Staff presents "Building the Future."
